DAY I (Tuesday)

23/05/2023

Registration

14:00 - 18:00

Działownia | Main hall

FoodBridge Contest

Making pasta bridges

14:00 - 19:00

Laboratory

Break

Coffee

15:00 - 15:30

Expo

Workshop

16:00 - 16:45

Działownia

Automation of the infrastructure construction site

Room C

Przemysław Jakowlew | Sitech

Select Lower Carbon Concrete using CEMEX Plugin
for Autodesk Revit

Room D

Alicja Brachaczek-Jokel | Cemex

Break

16:45 - 17:00

Expo

Workshop

17:00 - 17:45

Działownia

Working with a map for design purposes in Autodesk Revit

Room C

Andrzej Borkowski | Warsaw University of Technology

Scanning stationary, mobile, from the tracks, and maybe from the air

Room D

Wojciech Stolarski | Geotronics

Welcome Evening

19:00 - 22:00

Hotel Mercure

DAY II (Wednesday)

24/05/2023

Registration

8:00 - 16:00

Działownia | Main hall

Opening

9:00 - 9:15

Działownia | Room A i B

Marek Salamak | Silesian University of Technology

Dariusz Kasznia | EccBIM

Andrzej Szarata | Cracow University of Technology

Tomasz Żuchowski | GDDKiA

Hubert Nowak | UZP

Wiktor Piwkowski | Polish Construction Congress

Plenary

9:15 - 10:15

BIM implementation in Poland

Działownia | Room A i B

BIM and Public Procurement Law 2019

Justyna Pożarowska | UZP

Translation of ISO 19650 standards

Jacek Magiera | Cracow University of Technology

Committee for Digitization of Roads and Bridges at
the Ministry of Infrastructure

Dariusz Kasznia | EccBIM

Effective implementation team. How to build it

Aleksandra Zielazna-Pawlukiewicz | SRDK Studio Projekt

Jacobs BIM Academy

Paweł Puch | Jacobs

Panel

BIM Hyde Park

10:15 - 11:00

Działownia | Room A i B

Dariusz Kasznia | EccBIM (moderator)

Marek Salamak | Silesian University of Technology (moderator)

Arkadiusz Leško | Arkance Systems Poland

Justyna Pożarowska | UZP

Andrzej Szarata | Cracow University of Technology

Aleksandra Zielazna-Pawlukiewicz | SRDK Studio Projekt

Tomasz Żuchowski | GDDKiA

Break

Coffee

11:00 - 11:30

Expo i Laboratory

Plenary

Mega projects - comprehensive BIM in the STH Działownia | Room A i B

11:30 - 13:00

Implementation of BIM in the CTH in general based on BIM documentation: OIR, PIRy

Michał Latała, Jacek Filipiuk, Krzysztof Knapik | CPK

CDE in CPK - ProjectWise - workflow, communication, access

Patryk Żak | CPK

Central model and comment management system

Leszek Majka | CPK

Break

Lunch (Premium + VIP)

13:00 - 14:00

Laboratory

Plenary

CDE data exchange platforms

14:00 - 15:00

Działownia | Room A i B

Digital Construction Processes - Autodesk Construction Cloud (CDE)

Wojciech Kozłowski | AEC Design

From data to decision, CDE in project management.

Maciej Kindler | Infrabyte

Process-based management of the project company based on the Wayman ERP solution as a key element in complementing management in BIM

Piotr Bilon | Wayman

DMS - How to eliminate bad documentation management practices in a project?

Michał Pawliszewski | RIB

ProjectWise powered by iTwin

Jarosław Sitek | Bentley Systems

CDE Trimble / Holixa SMS platform - effective data management at the implementation stage

Mateusz Kruk | Arkance Systems Poland

Panel

15:00 - 15:30

CDE platform

Działownia | Room A i B

Dariusz Kasznia | EccBIM (moderator)

Maciej Kindler | Infrabyte

Wojciech Kozłowski | AEC Design

Michał Nowak | Arkance Systems Poland

Jarosław Sitek | Bentley Systems

Mateusz Zborowski | Wayman

Break

15:30 - 16:00

Coffee

Expo i Laboratory

Plenary

16:00 - 17:00

VDC Virtual Design & Construction

Działownia | Room B

BIM policy in selected countries

Ewelina Mitera-Kielbasa | Cracow University of Technology

Sustainable Building Materials Design in BIM – The Concrete Case

Jorge Camilo Diaz Garcia | Cemex

VDC – Connecting the lifecycle dots of BIM

Jarosław Szczepanek | Fluor

VDC – Connecting the lifecycle dots of BIM

James Russ | Fluor

Implementation of open standards as part of Europe's Rail Joint Undertaking

Tomasz Owerko | AGH

Plenary

16:00 - 17:00

BIM 4D/5D & Digital Twins

Działownia | Room A

Digital Twin – hot or not?

Wojciech Teclaw | SINTEF

GS1 standards for Digital Twins

Zbigniew Rusinek | GS1

How to effectively manage continuous change in construction projects?

Michał Pawliszewski | RIB

MicroStation as first step into the world of Digital Twins

Karol Kempski | Bentley Systems

5D BIM – the advantage of data in construction

Ewa Giniewska | Soft1

Workshop

17:00 - 17:45

Działownia

Reality Modelling + Construction Digital Twin

Room C

Daria Kosmala | Bentley Systems

Interoperability of tools in investment process management
- best practices

Room D

Mateusz Kruk | Arkance Systems Poland

Gala Dinner

19:00 - 0:00

Forty Kleparz

DAY III (Thursday)

25/05/2023

Registration

8:00 - 12:00

Działownia | Main hall

Plenary

Pilot Projects with R&D

9:00 - 10:30

Działownia | Room A

Design and modelling automation for typical bridges

Stanisław Bolanowski | Jacobs

BIM pilot project at GDDKiA on the bypass of the city of Zator

Małgorzata Stryczek | GDDKiA

Shaping the interoperability of data from monitoring and inspection
of bridge infrastructure with BIM solutions

Patrycja Sanecka | Mostostal Warszawa

BIM on site. Formwork logistics

Agnieszka Hajbowicz | Strabag

The first true BIM system for bridge structures - MIDAS CIM

Łukasz Jarno | JD Engineering

Plenary

GIS and 3D Reconstruction

9:00 - 10:30

Działownia | Room B

BIM periodization: epistemology, origins and division into periods

Andrzej Borkowski | Warsaw University of Technology

3D reconstruction of the bridge using low-ceiling photogrammetry and laser scanning techniques

Leszek Balcarczyk, Joachim Pawliński | 3D Format

Spectral georadars in 3D reconstruction

Tomasz Trzeźniowski | SGPR.TECH

Geomax X-PAD Fusion for BIM

Andrea Menghini | GeoMax AG

Can I measure material inventories on site in an automated, fast and accurate way? VolumeMonit - volumetric measurement system

Leszek Balcarczyk, Joachim Pawliński | 3D Format

Break

Coffee

10:30 - 11:00

Expo i Laboratory

Plenary

Infrastructural investment process

11:00 - 12:30

Działownia | Room A i B

Session introduction

Arkadiusz Leśko | Arkance Systems Poland

Arkance Systems - Data preparation and management

Michał Nowak | Arkance Systems Poland

SITECH - From digital design to automated implementation

Przemysław Jakowlew | Sitech

BM - Innovations in construction machinery

Arkadiusz Leśko | Arkance Systems Poland

Methods of acquiring geospatial data from Geotronics Dystrybucja

Wojciech Stolarski | Geotronics

FoodBridge Contest

Destruction tests of pasta bridges

12:30 - 13:00

Działownia | Room A i B

Break

Lunch (Premium + VIP)

13:00 - 14:00

Laboratory

Closing & Awards

14:00 - 14:30

Działownia | Room A i B

Marek Salamak | Silesian University of Technology

Dariusz Kasznia | EccBIM

Workshop

15:00 - 15:45

Działownia

Digitalization of the investment process - a comprehensive approach

Room C

Arkadiusz Leśko | Arkance Systems Poland

Test Cemex On-line sustainable design tools

Room D

Wiktoria Drzyzga | Cemex

Navisworks Manage - selected features

Room G

Ewelina Mitera-Kiełbasa | Cracow University of Technology
